Attachments: (2-16-2022) DRAFT Response to Wainscott letter_SFW OCS permit_SOL Comments.docx

Good afternoon Suilin,

I have provided minor comments and edits to the Clean Water Act' sections 404 and 401(a)(2) portions of the letter for your consideration. Thank you the opportunity to review the compiled document.

Here is my chain of command for concurrence routing:

Marco Finocchiaro (cc'd) – Section Chief, Wetlands Protection Section
Richard Balla (balla.richard@epa.gov) Branch Chief, Watershed Management Branch
Javier Laureano (laureano.javier@epa.gov) Division Director, Water Division

Please let us know if there is anything else we need to address moving forward.

Thank you,

Sofia

Sofia Olivero Lora, PhD (she/her/hers)

Subject: AX-22-000-1797 [South Fork Wind Farm Complaints]

Dorina and Sofia,

Thank you again for your responses to the letters sent by the Citizens for the Preservation of Wainscott (CPW) regarding the South Fork wind energy project. As you know, CPW raised issues regarding the air permit that Region 1 issued the South Fork project as well as drinking water and wetland issues in East Hampton, NY that would result from the construction of the project. The letters were sent to the Administrator and assigned to Region 2 for a direct reply. Since both air and water issues were raised, my DD thought it would be more

appropriate for Lisa to sign the response letter. Therefore, the response will be circulated to your Branch Chiefs and Director for concurrence. Please provide me with the names to include in the list.

The deadline for the response has been extended until March 8th. I have merged the air and water segments into one document. Although the air portion is still undergoing refinement at OGC, the water portion is done based on the information you sent me earlier in the month. I thought it would be good for you to see how the entire response looks like in final form. I had to add an introduction summarizing the air and water issues and some transitioning language too. Please take a look and let me know if you have any comments or suggestions.

Thanks,
Suilin
